OBJECTIVE

I am Learning Web Development at Programming Hero course. I learn many things here, like HTML, CSS, React JS, Javascript and JS DOM, Firebase, MongoDB and more interesting topics. I like to do my work with respect and on time & focused and dedicated learner. I made many projects on those topics and And I have been able to complete many tasks based on their teachings.

PROJECTS EXPERIENCE

I created that project with React JS, Firebase Authentication and some more interesting features.

- Design is created by React JS and Tailwind CSS
- I implemented some authentication system here by firebase and loaded the data from a server.
- Time Duration to do this project: 4-5 days
